Hriday Bhoomi Luxury Cottages & Villa is a 10-bedroom private property that includes a 5-bedroom luxury villa and 5 independent cottages, separated by a swimming pool and an in-house restaurant. Spacious, well-appointed bedrooms with attached washrooms and balconies, lush green lawns, serene surroundings, high speed wifi, power backup, and a resident chef and caretaker, make this property well-suited for a private holiday with family and friends.

Hriday Bhoomi is located in Dhela, a small village adjoining the Jim Corbett National Park in Uttarakhand. The nearest town is Ramnagar, approx. 13 kms away.

Far from the hustle bustle of city life, yet strategically situated just minutes from the gate that lets you in the Dhela and Jhirna safari zones, Hriday Bhoomi offers a unique experience of living in a hamlet, right next to the forest.

hb WHAT'S IN A NAME?

The essence of this property lies in its name and Hriday Bhoomi truly lives up to its identity. 'Hriday' means 'Heart' and 'Bhoomi' means 'Earth'. Both the words have deep rooted meanings and the vibes and energy of the place is in absolute sync with the name. Everything is earthy and soulful, coming straight from the heart.

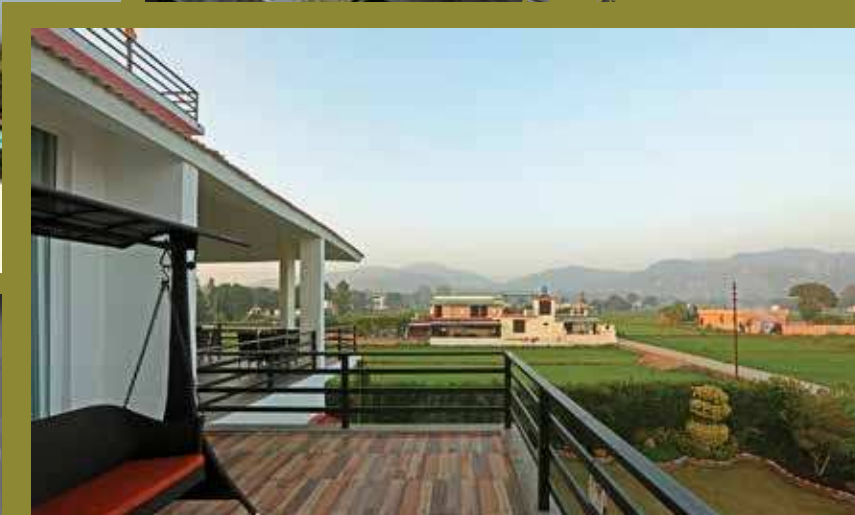

Hriday Bhoomi embraces greenery and landscaping has been at the heart of our design. The entire property is surrounded by well-maintained lawns, and the colourful garden beds, brick borders and stone pathways brighten up the entire complex and ensure a connection with nature. When you realise 'Heart' and 'Earth' are spelled using the same letters, it all makes sense.

LUXURY VILLA

This recently built property is laid out in two parts. The front complex has a beautiful double storied villa with five bedrooms, equipped with all modern amenities. For the book lovers, there's a cozy reading room with a small library, and for those who like to spend time indoors, there's a recreation room stocked with indoor games. All the rooms are large and spacious and welcome natural light with glass doors and windows.

The interiors capture the local art and culture of Uttarakhand through display of handmade Aipan paintings and room nameplates, and prints of folk paintings made by Padma Shri Yashodhar Mathpal.

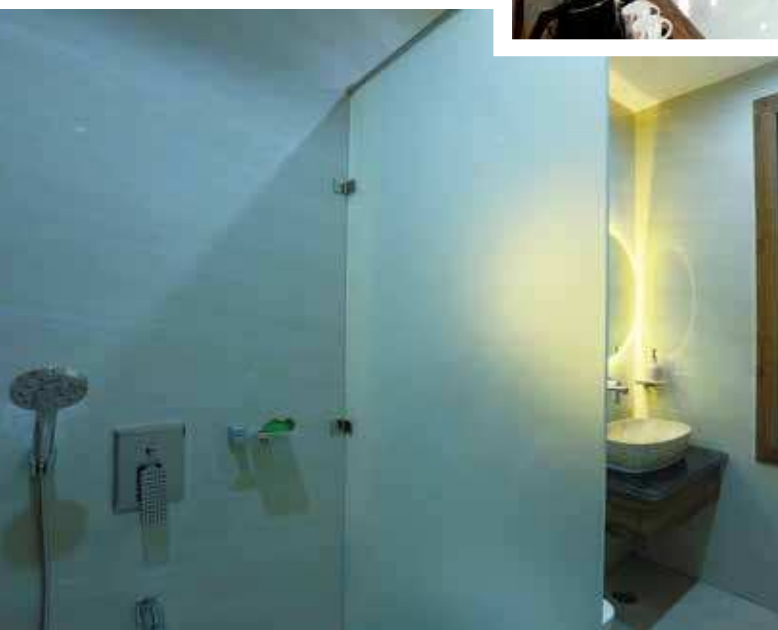

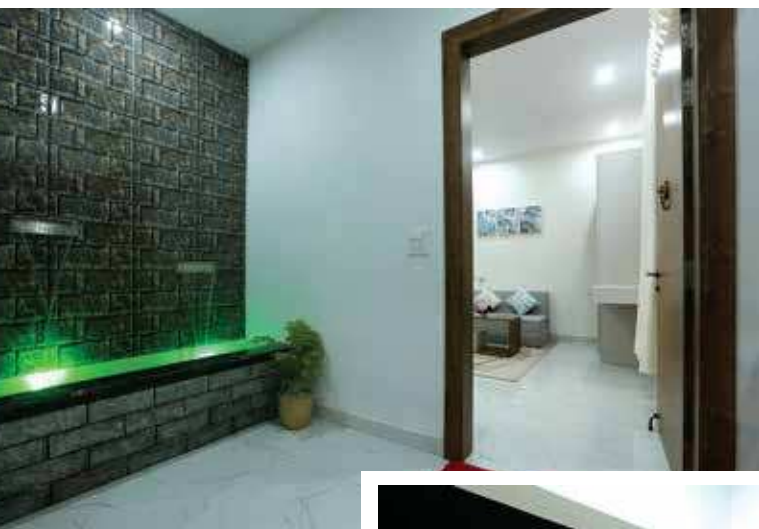

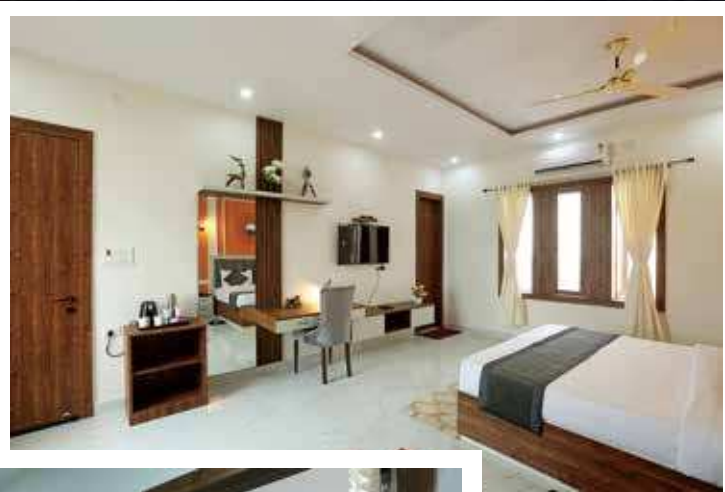

LUXURY COTTAGES

The back complex of the property has five independent cottages built around a large central lawn. Every unit comprises a spacious, well-appointed bedroom with an attached bathroom, and a small balcony cum sit-out. Each cottage also has a fountain in the sit-out area. The quiet surroundings and the soothing sound of running water will appeal to anyone seeking a calm and peaceful holiday away from the din of the city.

IN-HOUSE RESTAURANT

The front and back complexes are separated by a swimming pool and a beautifully designed restaurant that serves delicious meals prepared by the resident chef. We pay a great deal of attention to the food we serve and our attempt is to provide healthy, home-cooked meals to our guests. Our chef uses minimal oil and spices, which appeals to most palates. Reviews on Google and Trip Advisor appreciating our food, stand testimony to our claim. The restaurant has provision for playing music so if you wish, you can ask for it. We also have a kitchen garden and a small poultry for fresh vegetables and eggs.

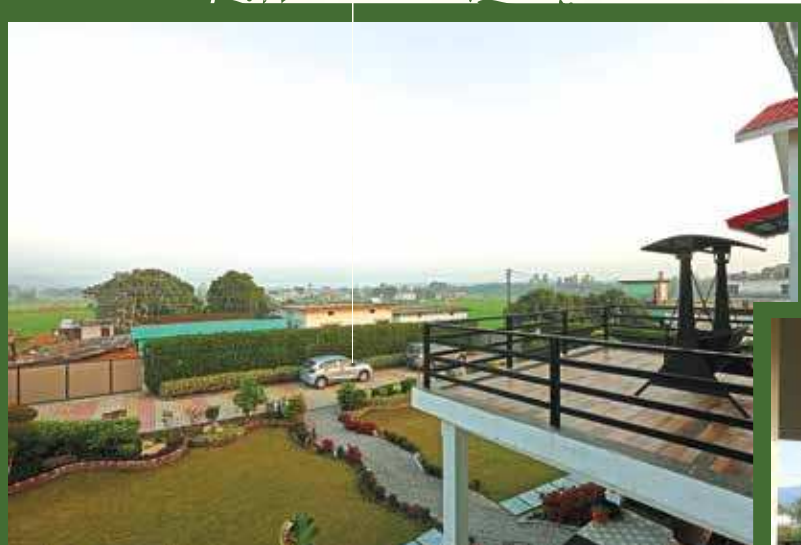

A PERFECT RETREAT FOR NATURE LOVERS

Hriday Bhoomi is a place where you would love spending time amid nature. The panoramic views from the property are a visual treat for nature enthusiasts and photographers alike. The green fields and very few houses around the property offer mesmerising sunrise and sunset views from the balconies and rooftops. The villa's roof top deck offers a 360° view of the village and its vast stretches of farm land, the dense green cover of the Corbett National Park, and the distant hills of Kumaon. The entire expanse is picturesque and refreshing.

Hriday Bhoomi is a semi-paradise for bird lovers, as it attracts many species of birds owing to the vast green open spaces and wide range of plants and flowers the property has. We take great pleasure in witnessing the ever-increasing population of resident sparrows, which is a rare sight in the metros.
